It's a terrible idea to approve a cleanup plan that may hurt jobs because it is so expensive.

Instead of creating a cleanup plan that will take decades and require billions of dollars, I sure hope the EPA will consider the impact it could have on the jobs on the river. We all want a clean river but the cleanup should also be a responsible one.

Thanks for all you're doing to protect our river. It means a lot to people who live, work and play there.

Sincerely,
